Comments

“ I was encouraged by your mom to do my best and I will be eternally grateful for the opportunity to have known her. She will remain in my memories as she was, a beautiful, strong, and smart woman. Not everyone gets to say that they had one of the best mothers in the whole world. In your case, I think that would be true if Michael, Pamela and I said it. The legacy your mom left for you to continue is a blessing not just to her family, but also the people she and your entire family of relatives along with grandchildren and friends of friends whom have come in contact with over the years.

I am honored and forever privilege to have met such a beautiful soul in my life time. I was glad to meet your mom. I see how her influence shaped the " BLOOD-LINE" of this amazing family today. She will continue to live through some of the good qualities each and everyone of you possess.

There's a special place in all of our hearts for our mothers, just like there's a special place in every mother's heart for her children. You must continue to carry her memory in that special place in your heart. I am sincerely sorry for the loss of your mother.

MY LIFETIME FOREVER LOVE....RIP OUR ELOQUENT QUEEN....
