“ *You were brought down here on earth for 85 years from our heavenly father.....to teach love, not hate, to feed the hungry, to shelter the homeless, to embrace the ones with addictions, to give hope, peace and joy. Thanks for showing me the way on how to live my life and rest others. All my life you always have told me , Larry everything will be alright , just be still and let GOD work. I have always believed you! You taught a person doesn't learn what they are taught , they learn what they believe. Thank you GOD for assigning this angel to me as my mother!!!! I WILL CATCH YOU LATER MOM!*

YOUR SON ,

“ Great Auntie Doretha, I can remember whenever anything occurred with the family you and EJ were the first ppl on the scene. There to support your family or there first to share a good time. I loved that you would tell me " ohhhh you smart" in your own Doretha way. I loved to hear you and my grandmother crack jokes on each other. That was the funniest. I loved to hear you say your famous "isn't that awful" ...lol. You will be missed but you have left fond memories for everyone around you.

“ Doretha,
I remember you as a sister and not a sister-in-law. I cannot remember you not being a part of our family. You were always soooo funny and kept us laughing all the time. I am going to miss you. But I have fond memories of you. I know that only time will heal the hurt we feel now. God has taken you into your heavenly home.
Love,
Evalet

“ I miss you Doretha. You were my last sister here on this Earth. I can still hear you dancing and singing while I played the piano at my 75th bday party. I was so glad to see you. Now that you are gone, Who will I argue with ? I love you and I miss you so much.
Your baby sister, Mary Ellen

“ It's amazing how memories flood your mind at the passing of a loved one. All I can remember is that my mom and Lovie would bring us to your house and there was usually hot fried fish and chicken wings! I knew we were at your house the moment we came to those train tracks. And most recently how happy you were at Aunt Mary's BDAY party. Just as you danced that night, I know you are dancing in the presence of our Lord & Savior.

RIP,

“ To the family: I will always remember how welcome Doretha made me feel when I married into the family. She always made everyone feel welcome in her own special way. She was so funny, loved life, loved to sing, dance and no one could tell a story the way she could! I know that there will never be another woman like her! Like everyone else, there is sadness that she has crossed over; however, I am comforted by knowing that she lived a rich and full life with family, friends and loved ones! My condolences to all and may you be comforted by wonderful memories.

“ Ddretha,
I also wanted to add what a great job, you did in raising your sons to have such a sense of family.
Ed being one of my best friends of course put me on many occasions in close contact. With his little brother Larry. The love & sense of family between the 2 was. Undeniable.

You will be sorely missed by. All but what wonderful memories & well learned lessons they will have of their mom.

May you find strength in the knowledge that your mom left a legacy of family that will endure forever. As you celebrate her life know that God collects every tear in a bottle Psalm: 56:8. He knows every hurt in your heart Psalm: 34:18. Please know that I truly love you so continue to look to the Lord from which comes your strength. Your friend Jackie Anderson-Houzz
