“ *Ira was one of the miracles of my life, We (it seemed to me!) had a connection and a shared sense of humor and the ridiculous that was rare and hilarious and precious. He appeared in my life and magically and generously helped me with making the huge transition to doing design work on the computer, and we shared work and play for a memorable time I will always treasure. And I met Gwen through Ira, another life miracle. We had many memorable times. I will always miss Ira, always be grateful for having had him in our lives. Just a wonderful guy. Much love and sadness for his loss.*
