“ *Shelton was a character like no other, there was NEVER a dull conversatuon with this brother, and MANY of my conversations with him over the years were quite educational for me. Pops and Shelton were seriously "old school"and for myself Darryl, Diana, Randy and my brother that meant no BS was allowed, and I think we all benefitted greatly, and I am proud to have had this brother as part of my village, he made a difference because he meant to...Thanks Partner RIP*

“*Mr. Shelton, there will be no one like you! Enjoyed the many conversation we had across the deck. Your knowledge along with wisdom captured us with each conversation. You cared for your family and it didn't stop there, you cared for your neighbors and community also and for that I'm glad I got to know such a kind human being. You will be missed from your long and enjoyable conversation to your captivating laughter!*

*Love always
Stokes family*

“*My name is Richard Pope. I have known Mr. Shelton for almost 50 years. We have worked together in the music industry. He was my mentor, my teacher, but most of all he was my friend. If you ever were lucky enough to work with him, you always learned something. The things I learned from him have been a blueprint for my adult life. If ever I had a problem, I knew I could pick up the phone and ask for his advice. He will sorely be missed. Our condolences go out to the Shelton family. He was a great man.*
