“ This is so sad to hear. I have know Lynnell for many many years. She was ALWAYS the same spirit. Beautiful. Her energy made your spirit jump for joy! You wanted to do better. We lost contact, but I never forgot her. You couldn't forget Lynnell if you ever knew her. Hodge, as I affectionately called her in our adult years was like a sister to me. I feel saddened that I wasn't able to talk with her one more time. Rest In Peace my sister 🙏 I will look for you in Paradise ❤️

Iba sé o!

I just got word of Lynnell's a few minutes ago (28 January 2025). Even though we hadn't spoken as much as we once did in the past, Lynnell was/is "my gyrl"!!! We met in 8th grade and became tight friends for decades.

We lost touch during COVID... I'm in shock and becoming more devastated by the moment as I process the news of her transition. This drives home that saying about giving folks their flowers while you can... I already miss her deeply.

Her passing is a loss for those who truly knew and love her!

Rest in Peace + Power My SiStar!!!

Mo fé rè fùn!

“ Lynnel, my sister/friend had a way of making everyone she encountered feel special. She had an amazing ability of connecting with people that you knew was genuine. I will miss her smile, positive upbeat attitude, and kindness she freely shared with all. The lights are a little dimmer here in the halls of Hines due to the loss of this loving soul. She will be greatly missed. May God provide comfort and peace to all who knew and loved her.

“ I got to work today and my heart was broken . To find out you had passed, I cried. We rode the 308 bus together coming to Hines and talked about everything from family, life and her love for art and other things. When her dad and mom passed I would always give her words of comfort, because I knew what she was going through haven't been there myself. I will miss your smile, rest on Queen. I will always keep you in my heart.

“ Lynnel graced us with this so very precious and rare purity of her unbounded heart! She believed in life, she remained positive, she had hope and plans for her future with her beloved “Apple”. She was filled with light!

Lynnel and I have been friends and sisters from our hearts and souls for 14 years! We met each other when she wanted to purchase an Art piece from me online and we started talking and became instant friends. We exchanged many text and audio messages every single day. We talked on the phone and video a few times, we never met in person, somehow time escaped us! We were kindred spirits and best friends.

Sister Lynn was my best galactic sister ever! We used to say that to each other. I love her to the moon and back! The world is a sad place without her. She will be forever missed and forever loved.
