“ *Every Christmas as a child, we ate at Peensy's house. I'd have inevitably gotten a new board game for Christmas that I'd bring along to play with the whole house. All my cousins and I would pack into her house to eat good food, play games together, hear stories, and just bask in all the love of the family that surrounded us. Her wall of photos, updated with generations of our family, the copper molds that adorn the kitchen wall will be forever ingrained in my memory. She took such good care of her mother, her children, grandchildren, great-grand children and anyone who entered into her home was welcomed with an open heart and arms. I will carry the memories of her light and laughter with me forever. I wish I could be with you all through this time but know I am sending you all my love and strength.*
